MAKING STATUTORY INSTRUMENTS**

5. Consultation before making statutory instruments

(1) Before a regulation-making authority makes a statutory instrument, and in particular where the proposed statutory instrument is likely to—

[Act No. 4 of 2018, Sch.]

PART III – REGULATORY IMPACT STATEMENTS

6. Regulatory impact statements

7. Contents of regulatory impact statements

- (f) any other matters specified by the guidelines;
- (g) a draft copy of the proposed statutory rule.

(2) The assessment of the costs and benefits shall include an assessment of the economic, environmental and social impact and the likely administration and compliance costs including resource allocation costs.

(3) The responsible Cabinet Secretary shall ensure that independent advice as to the adequacy of the regulatory impact statement and of the assessment included in the regulatory impact statement is obtained and considered in accordance with the guidelines.

(4) The responsible Cabinet Secretary shall before a statutory rule in respect of which a regulatory impact statement is required is made, give a certificate in writing specifying that—

- (a) the requirements relating to regulatory impact statements in this Act and the guidelines have been complied with; and
- (b) in the Cabinet Secretary's opinion, the regulatory impact statement adequately assesses the likely impact of the proposed statutory rule.

(5) The responsible Cabinet Secretary shall ensure that a copy of the regulatory impact statement and the compliance certificate is tabled in Parliament with the statutory instrument as provided under section 11.

8. Notification of regulatory impact statements

(1) Preparation of a regulatory impact statement for proposed statutory instrument shall be notified in the *Gazette* and in a newspaper likely to be read by people particularly affected by the proposed legislation.

(2) If the proposed statutory instrument is likely to have a significant impact on a particular group of people, the notice shall be published in a way likely to ensure members of the group understand the purpose and content of the notice.

(3) The notice shall—

- (a) include a brief statement of the policy objectives sought to be achieved by the proposed legislation; and
- (b) state where copies of the regulatory impact statement may be obtained or inspected;

- (b) a copy of all comments and submissions is given to the Committee as soon as practicable after the statutory rule is tabled in the House or when requested by the Committee.

9. Where regulatory impact statements may be unnecessary

A regulatory impact statement need not be prepared for a proposed statutory instrument if the proposed legislation only provides for, or to the extent it only provides for—

- (a) a matter that is not of a legislative character, including, for example, a matter of a machinery, administrative, drafting or formal nature;
- (b) a matter that does not operate to the disadvantage of any person (other than a government entity) by—
 - (i) decreasing the person's rights;

- (c) an amendment of statutory instrument to take account of the prevailing Kenyan legislative drafting practice;
- (d) the commencement of an Act or subordinate legislation or a provision of an Act or statutory instrument;
- (e) an amendment of statutory instrument that does not fundamentally affect the legislation's application or operation;

- (h) a matter advance notice of which would enable someone to gain unfair advantage;

PART IV – PARLIAMENTARY SCRUTINY OF STATUTORY INSTRUMENTS

10. Purpose of Part

The purpose of this Part is to facilitate the scrutiny by Parliament of statutory instruments and to set out the circumstances and manner in which the statutory instruments, or provisions of the statutory instruments, may be disallowed, as well as the consequences of the disallowance.

11. Laying of statutory instruments before Parliament

(1) Every Cabinet Secretary responsible for a regulation-making authority shall within seven (7) sitting days after the publication of a statutory instrument, ensure that a copy of the statutory instrument is transmitted to the responsible Clerk for tabling before the relevant House of Parliament.

(3) The responsible Clerk shall register or cause to be registered every statutory instrument transmitted to the respective House for tabling or laying under this Part.

(4) If a copy of a statutory instrument that is required to be laid before the relevant House of Parliament is not so laid in accordance with this section, the statutory instrument shall cease to have effect immediately after the last day for it to be so laid but without prejudice to any act done under the statutory instrument before it became void.

[Act No. 4 of 2018, Sch.]

12. Referral to the Committee

(1) Every statutory instrument issued, made or established after the commencement of this Act shall upon tabling before the respective House of Parliament stand referred to the Committee or any other committee that may be established for the purpose of reviewing and scrutinizing statutory instruments.

(3) The provisions of subsection (1) shall not apply to any rules, regulations and orders emanating from a court of competent jurisdiction in Kenya.

[Act No. 25 of 2015, Sch.]

13. Relevant considerations

The Committee shall, in carrying out its scrutiny of any statutory instrument or published Bill be guided by the principles of good governance, rule of law and shall in particular consider whether the statutory instrument—

- (a) is in accord with the provisions of the Constitution, the Act pursuant to which it is made or other written law;
- (b) infringes on fundamental rights and freedoms of the public;
- (c) contains a matter which in the opinion of the Committee should more properly be dealt with in an Act of Parliament;
- (d) contains imposition of taxation;
- (e) directly or indirectly bars the jurisdiction of the Courts;
- (f) gives retrospective effect to any of the provisions in respect of which the Constitution or the Act does not expressly give any such power;
- (g) involves expenditure from the Consolidated Fund or other public revenues;
- (h) is defective in its drafting or for any reason the form or purport of the statutory instrument calls for any elucidation;
- (i) appears to make some unusual or unexpected use of the powers conferred by the Constitution or the Act pursuant to which it is made;

- (k) makes rights, liberties or obligations unduly dependent upon non-reviewable decisions;
- (l) makes rights, liberties or obligations unduly dependent insufficiently defined administrative powers;
- (m) inappropriately delegates legislative powers;
- (n) imposes a fine, imprisonment or other penalty without express authority having been provided for in the enabling legislation;

- (q) accords to any other reason that the Committee considers fit to examine.

(2) Where the Committee does not make the report referred to in subsection (1) within twenty eight sitting days after the date of referral of the statutory instrument to the Committee under section 12, or such other period as the House may, by resolution approve, the statutory instrument shall be deemed to have fully met the relevant considerations referred to in section 13.

(3) Despite the provision of this Act or any other written law, where a time is prescribed for doing an act or taking a proceeding by the National Assembly relating to the handling of a statutory instrument, the National Assembly may, by resolution, extend that time by a period not exceeding twenty-one days.

[Act No. 25 of 2015, Sch., Act No. 4 of 2018, Sch.]

16. Notice to the regulation-making authority

NOTES ON PREPARING EXPLANATORY
MEMORANDA TO STATUTORY INSTRUMENTS

The purpose of the Explanatory Memorandum (EM) is to provide to the lay reader plain English, self contained, explanation of the effect of the legislation and why it is necessary.

In preparing the EM departments should ensure that they do not repeat the content of the Explanatory Note. The EM is not aimed at lawyers, but to help people who know nothing about the law or the subject quickly to gain an understanding of the statutory instrument's intent and purpose.

It can be helpful to produce a single EM for a group of linked statutory instruments (SIs). This prevents unnecessary duplication of common background and makes sure that the reader is aware of the linkage. It may be helpful to explain (usually in the policy section) the special features of each SI and how it contributes to the overall policy objective. A copy of the group EM should be attached to each of the individual SIs to which it relates. Where possible all the statutory instruments should be laid on the same day and numbered sequentially.

The numbering of the individual section headings is fixed, so the paragraphs that follow should be numbered as subparagraphs. Your explanation should be concise but comprehensive – the EM should not generally exceed 4 pages.

1. Purpose of the statutory instrument

In no more than 3 sentences please describe in **Plain English** what the statutory instrument does and why. Assume that the reader knows nothing about the subject and explain, or better avoid, acronyms and terms of art.

The legal powers under which the statutory instrument is made are generally irrelevant here, and in any case are set out in the statutory instrument itself.

2. Legislative Context

Paragraph(s) 4.1 onwards will be free text.

The power under which the statutory instrument is made will be clear from the statutory instrument itself and reference need not be made to the power unless there is a specific reason to do so, for example, if this is the first use of a power under an Act or the power is being used in a novel way. In these paragraphs you should explain why the statutory instrument is being made: for example, to implement a new Act or European obligation, to effect an annual uprating in line with inflation, or to amend the law following a significant court case.

Relevant background information should be given to set the statutory instrument in context. Mention in particular—

- if in the course of debate, parliamentary question or Committee appearance any specific undertakings were given to Parliament that relate to this instrument (including Hansard or report reference where relevant);
- if this instrument relates to any other statutory instruments (i.e. it is one of a group), please cross reference;
- if this statutory instrument paves the way for future statutory instruments it is helpful to indicate what they will do and when they are likely to appear.

3. Policy Background

Paragraph(s) 3.1 onwards will be free text.

• ***What is being done and why***

Departments should state in particular:

- the policy objectives of the parent Act/Directive and how this statutory instrument fulfils them;
- the size and nature of the problem it is addressing;
- the level of public interest in the policy, (for example from the response to consultation if undertaken, or from media attention);
- whether the change is politically or legally important Departments should ensure that, although brief, explanation should start from the basic.

Departments should ensure that, although brief, explanation should start from the basic. The EM is aimed at the lay reader: not just at the committee on delegated legislation but also Members of Parliament. Don't say "this amends the XYZ scheme to open it to the under 18s" without providing a sentence about what the XYZ scheme does. Please explain any acronyms or technical terms.

The EM should also make clear why the Government needs to legislate and what other avenues of attaining the desired objective (e.g. self-regulation through a voluntary code of practice) were explored and why they were rejected.

For “Miscellaneous Amendments” SIs, the EM should briefly address each of the broad areas covered. If there is no obvious structure offered by the format of the statutory instrument itself, one way of doing this is to break the Regulations down into associated groups.

• **Consolidation**

Where a statutory instrument amends another statutory instrument, particularly if not for the first time, the memorandum should indicate whether the department intends to consolidate the relevant legislation and if so, what the projected timescale for consolidation may be. If an informal consolidated text is available to the public for free then provide details of the website or other reference from where this can be obtained.

4. Consultation outcome

Paragraph(s) 4.1 onwards will be free text.

The EM should contain a brief explanation of who was consulted, over what period and with what responses. There should be some analysis of the outcome and the Department’s policy response to the opinions expressed (e.g. “60% supported the proposal, of the rest, the main objections were on the proposed fee structure and the Department has responded to this by agreeing to phase in the increase over 3 years”).

5. Guidance

Paragraph(s) 5.1 onwards will be free text.

The memorandum should set out what guidance or other form of publicity, if any, the department is providing to users and stakeholders and enforcement agencies to explain the new obligation and to ensure that it is fulfilled. This is particularly important where a regulation is legally complex, for example a serial amendment or the implementation of a European obligation by multi-level cross-reference to European statutory instruments.

Where the guidance is essential to understanding how the statutory instrument will operate, but is not itself subject to Parliamentary scrutiny, please send copies to the libraries of both Houses at the same time the SI is laid.

6. Impact

Paragraphs 6.1, 6.2 and 6.3 should be completed.

Paragraph 6.4 – One of the two options shall be selected.

Note: Where an Impact Assessment has been prepared then this should be attached as an Annex. There is no need to duplicate the information. If you are recycling the IA prepared for an Act which this statutory instrument helps implement, please only include the relevant extracts and confirm in the EM that the figures are still up to date. If no IA has been prepared please confirm that this is because no impact on the private or voluntary sector is foreseen and simply mention any public sector impacts.

7. Monitoring and review

Paragraph(s) 7.1 onwards are free text.

What are the success criteria for this statutory instrument? Where possible please define the intended outcome in measurable terms e.g. the changes in the fee structure aim to achieve full cost recovery of the process of issuing and administering this licence by April 2010, or the changes set out in this statutory instrument aim to reduce identity theft by 10% over the next 3 years.

When and how will they be reviewed? State who will review the outcome, when and how the results will be published. For example:

The outcome will be subject to internal review after 12 months and the legislation may be amended accordingly or

The University of Nairobi has conducted a benchmark study and will review the position again in 3 years; a report will be published towards the end of 2012.

Where this material has already been included in the IA, please include the headline answers in the EM and cross refer to further detail in the IA (specifying the relevant paragraph or page).

8. Contact

All details shall be completed on the copies provided for Parliament. The contact phone number given should be covered by someone who is able to answer questions on the statutory instrument for at least 3 weeks after the statutory instrument has been laid.

This notes acts only as a guideline and as such they are not exhaustive and for clarity proper reference should be made to the main body of the Act.
