

ment (Part II) to the Official Gazette of the Zanzibar Government.

Vol. LXIX, No. 4014, of 30th July, 1960.

THE PLANT PROTECTION DECREE, 1937.

L. N.

50 of 1960

In exercise of the powers vested in him by section 8 of the Plant Protection Decree, 1937, the British Resident hereby makes the following Order:—

Decree No.  
9 of 1937.

The Plant Protection Order, 1960.

1. This Order may be cited as the Plant Protection Order, 1960, and shall come into force on the first day of October, 1960.

2. (1) No plant shall be imported into the Protectorate except under the authority of a permit previously obtained from, and signed by, the Director of Agriculture or an officer of the Department of Agriculture authorised by the Director of Agriculture, in writing and subject to the conditions stated in such permit:

Provided that the provisions of this paragraph shall ~~in the case of~~ seeds only apply to such seeds as are set out in the First Schedule hereto.

(2) Notwithstanding the provisions of sub-paragraph (1), the Director of Agriculture may by order published in the *Gazette* permit either generally or in particular the importation into the Protectorate of any plant or class of plant subject to any conditions therein expressed.

3. All applications for permits shall state—

- (a) full name and address of the applicant;
- (b) the name and address of the person or firm from whom the plants or seeds are to be obtained;
- (c) the names of and quantities of the plants or seeds to be obtained;
- (d) the name of the farm or estate on which the plants or seeds are to be planted and the Shehia in which it is situated;
- (e) any other manner in which it is intended to dispose of the plants or seeds.

4. No plant shall be imported into the Protectorate except through one of the ports declared to be a port under the Customs Management Decree. Cap. 91.

5. (1) All plants imported into the Protectorate other than such plants as may be exempted from the provisions of this paragraph by order published in the *Gazette* by the Director of Agriculture shall be examined by an inspector.

(2) Notwithstanding an exemption granted under sub-paragraph (1) it shall be lawful for an inspector in his discretion to examine such plants.

6. The inspector may—

- (a) direct, authorise or carry out the disinfection or treatment of any plant and of any article believed by him to be infected with a pest or disease or likely to infect any plant with a pest or disease;
- (b) with the prior approval of the Director of Agriculture direct, authorise or carry out the immediate destruction of any imported plant or article which on inspection appears to be infected with any pest or disease where, in the opinion of an inspector, disinfection or treatment is impracticable or will not be a complete safeguard, or the delay caused by disinfection or treatment would give rise to the risk of the introduction or spread of any pest or disease; and
- (c) direct, authorise or carry out the disinfection or fumigation of any vessel, vehicle or aircraft which in the opinion of the inspector is harbouring any pest or disease, or any article likely to infect any plant with a pest or disease.

7. (1) Any plant other than plants exempted by an order under paragraph 5, or any package or parcel containing any plant imported otherwise than by post, shall be delivered to an inspector by the Comptroller of Customs.

(2) Any package or parcel containing any plant other than plants exempted by an order under paragraph 5, imported by post shall be delivered to an inspector by the Postmaster.

(3) After examination and treatment as provided in sub-paragraphs (a) and (b) of paragraph 6 the package or parcel shall, except where such package, parcel or plant has been destroyed by or under the instructions of such inspector, be returned by him to the Comptroller of Customs or the Postmaster, as the case may be, for delivery to the addressee.

8. No compensation shall be payable in respect of any package, parcel, article or plant destroyed or damaged in any treatment required to be carried out under this Order.

9. The Director of Agriculture may require imported plants to be detained in quarantine or in special nurseries or places approved by him for such period as he may think fit.

10. No living insects or invertebrate animals in any stage of development which feed on plants or any vegetable organism which is likely to infect plants may be imported except by virtue of a permit previously obtained from and signed by the Director of Agriculture and under the conditions stated in such permit.

11. The Orders set out in the Second Schedule hereto are hereby revoked.

## FIRST SCHEDULE.

### FROM ALL COUNTRIES.
